TechSoft Simulation Award 2025

TechSoft, provider of engineering simulation software, invites Formula Student Czech Republic participants to showcase their simulation skills in the **TechSoft Simulation Award 2025**. Demonstrate how simulations can influence and improve your vehicle design! The best simulations will be awarded on the ceremony and featured on social media!

📝 Guidelines

- Open to teams participating in **Formula Student Czech Republic 2025**
- Maximum of **2 submissions per team**
- Use **any physics** – multiphysics encouraged!
- Use **any simulation software**
- Each submission must include:
    - **1 image** (attached to the email, min. FHD resolution, any readable format)
    - **Written description** (in a separate `.txt` file)
        - Max length: **1500 characters including spaces**
        - Must answer:
            - Why the simulation is needed
            - How it affects vehicle design
            - Simulation parameters (e.g. boundary conditions, solver type, etc.)
            - Competitive advantage gained using the simulation

📅 Submission Deadline

Tuesday, August 5, 2025

✉ Submission Instructions

Send an email with attached image and description to: **students@techsoft-eng.cz**

- **Subject line must be:**
  `"Car num XX, TechSoft Simulation Award 2025"`
- **Attach** your simulation image to the email
- Include your **description as a separate .txt file**
- In the email text, please state your **team name**

🏆 Award

Top 3 teams will be announced and awarded

Winner takes Batch Brew Coffee Machine + Premium Coffee Beans

🔍 Evaluation Criteria

- **Impact on Vehicle Design** (quantification of benefits)
- **Simulation Complexity & Efficiency**
- **Presentation Quality & Visual Impact**

🔨 Terms and Conditions

- Open only to **Formula Student Czech Republic 2025 registered teams**
- Maximum of **2 entries per team**
- By submitting, the team agrees that its image may be featured during the award ceremony and on **TechSoft's social media channels**
